De mai bine de zece ani, miliardarii descriși ca filantropi au întâlniri pentru a **reduce dimensiunea populației lumii**, culminând cu criza Covid din 2020-2023.

Evoluțiile recente sugerează că „depopularea” este o parte integrantă a așa-numitelor mandate Covid, inclusiv politice de blocare și „vaccinul” ARNm.

Flash înapoi în 2009. Potrivit Wall Street Journal: „**Miliardarii cercetării să micșoreze populația**”.

În mai 2009, filantropii Billionaire s-au întâlnit cu ușile închise la casa președintelui Universității Rockefeller din Manhattan.

This adunare secretă a fost sponsorizată de Bill Gates. Ei s-au numit „**The Good Club**”.

Printre participanți s-au numărat regretatul **David Rockefeller, Warren Buffett, George Soros, Michael Bloomberg Ted Turner, Oprah Winfrey** și mulți alții.

În mai 2009, WSJ, precum și Sunday Times au raportat: (John Harlow, Los Angeles) că

„Unii mai importanți miliardari ai Americii s-au întâlnit în secret pentru a analiza cum ar putea fi folosită să aibă lor pentru a încetini creșterea populației lumii și pentru a accelera sănătății și educației.”

Accentul nu a fost pus pe creșterea populației (adică Planned Parenthood) ci pe „Depopulare”, **adică. reducerea dimensiunii absolute a populației lumii.**

Billionaires Try to Shrink World's Population, Report Says

By Robert Frank

May 26, 2009 11:57 am ET

Last week's meeting of the Great and the Good (or the Richest and Richer) was bound to draw criticism.

The New York meeting of billionaires Bill Gates, Warren Buffett, David Rockefeller, Eli Broad, George Soros, Ted Turner, Oprah, Michael Bloomberg and others was described by the *Chronicle of Philanthropy* as an informal gathering aimed at encouraging philanthropy. Just a few billionaires getting together for drinks and dinner and a friendly chat about how to promote charitable giving.

Potrivit raportului Sunday Times:

Filantropii care au participat la un summit convocat la inițiativa lui Bill Gates, co-fondatorul Microsoft, au discutat despre unirea forțelor **pentru a depăși obstacolele politice și religioase din calea schimbării.**

...

Stacy Palmer, editor al *Chronicle of Philanthropy*, a declarat că summitul a fost fără precedent. „Am aflat despre asta doar după aceea, întâmplător. În mod normal, acești oameni sunt fericiți să vorbească cauze bune, dar acest lucru este diferit – poate pentru că **nu vor să vă văzuți ca o cabală globală**”, a spus el.

Another guest said there was “nothing as crude as a vote” but a consensus emerged that they would back a strategy in which **population growth would be tackled as a potentially disastrous environmental, social and industrial threat.**

“This is something so nightmarish that everyone in this group agreed it needs big-brain answers,” said the guest. ...

Why all the secrecy? “**They wanted to speak rich to rich without worrying anything they said would end up in the newspapers, painting them as an alternative world government,**” he said. (*Sunday Times*)

Shrinking The World's Population

The media reports on the May 5, 2009 secret gathering focussed on the commitment of “The Good Club” to **“slowing down” the growth of the World's population.**

“**Shrink the World Population**” (the WSJ Title) goes beyond Planned Parenthood which consists in “Reducing the Growth of World Population”. It consists in “Depopulation”, namely reducing the absolute size of the World's Population, which ultimately requires reducing the rate of birth (which would include reduced fertility) **coupled with a significant increase in the death rate.**

Secret Meeting: At the Height of the H1N1 Pandemic

On April 25, 2009, the World Health Organization (WHO) headed by **Margaret Chan** declared a Public Health Emergency of International Concern (PHEIC). And a couple of weeks later, the “Good Club” met in NYC at the height of the **H1N1 swine flu pandemic** which turned out to be a scam.

It is also worth noting that at very outset of the H1N1 crisis in April 2009, **Professor Neil Ferguson** of Imperial College, London was advising Bill Gates and the WHO: “40 per cent of people in the UK could be infected [with H1N1] within the next six months if the country was hit by a pandemic.”

Sounds familiar? That was the same Neil Ferguson (generously supported by the Gates Foundation) who designed the coronavirus Lockdown Model (launched on March 11, 2020). As we recall, that **March 2020 mathematical model** was based on “predictions” of 600,000 deaths in the UK.

And now (Summer- Autumn 2021) a third authoritative “mathematical model” by the same “scientist” (Ferguson) was formulated to justify a **“Fourth Wave Lockdown”.**

Saving Lives to Achieve “Depopulation”

Was an **absolute “reduction” in World population** contemplated at that May 2009 secret meeting?

A few months later, Bill Gates in his TED presentation (February 2010) pertaining to vaccination, confirmed the following;

“And if we do a really great job on new vaccines, health care, reproductive health services, **we could lower that [the world population] by 10 or 15 percent**”.

According to Gates’ statement, this would represent an absolute reduction of the World’s population (2010) of the order of **680 million to 1.02 billion**.

TED Talk at 04:21:

Bill Gates
Innovating to zero

04:21

First, we've got population. The world today has 6.8 billion people. That's headed up to about nine billion. Now, if we do a really great job on new vaccines, health care, reproductive health services, we could lower that by, perhaps, 10 or 15 percent. But there, we see an increase of about 1.3.

“The Good Club” Then and Now

The same group of billionaires who met at the May 2009 secret venue at the Rockefeller University in Manhattan, have been actively involved from the outset of the Covid crisis in designing the lockdown policies applied Worldwide including the mRNA vaccine and the WEF’s “Great Reset”.

The mRNA vaccine is not a project of a UN intergovernmental body (WHO) on behalf the member states of the UN: It’s a private initiative. The billionaire elites who fund and enforce the Covid Vaccine Project Worldwide are Eugenists committed to Depopulation.
